

Let us help you find the right products

Who is URL?

URL is a multi-faceted insurance products and services company. We focus on the people who ultimately use our products because we know that, for every product or service we provide, there's always a person who wants to feel safer and better protected by what we do. That's why we say, "We're in the people business."

How we can help you

We offer a wide range of products, including:

- Annuities: Immediate annuities, indexed annuities, multi-year guaranteed annuities, and single premium life.
- Employee benefits: Blanket accident, group dental, group health, group gap, group life, group long-term disability, group short-term disability, group vision, and worksite.
- Individual health insurance: Individual dental, individual health, individual hospital indemnity, individual gap, and short-term disability.
- Life insurance: Key-person insurance, buy-sell agreements, final expense, indexed universal life, single premium life, term life, long-term care, individual cancer/critical illness, and individual disability.
- Medicare: Medicare Advantage plans, Medicare Supplements, Part D Prescription Drug plans, and ancillary products.
